

Dr. Dascombe,

I wanted to send you a card to let you know how much I appreciate everything you have done for me. You made my surgery such a wonderful experience. Thank you for the card you sent me before my surgery, the phone calls, & the nursing discount. I have the privilege of working with many doctors, however, never have I met one as kind & caring as you. Whenever I first heard about you through a friend, I wondered how I would feel about talking with a "man" about such a private & personal issue. But after only talking with you a few minutes, I immediately felt comfortable & so did my husband. I cannot express to you how much it meant to me that you called before & after my surgery. I know how busy Drs are & I appreciate you going the extra mile. ~~Thank you~~ (one of

your other patients & my close friend) called me after her 1st visit with you & we both ~~talked~~ talked about how kind you were to us. Your staff was wonderful & if I had to do it all over again, I wouldn't choose any other Dr. or staff. I am so pleased

Your kindness
will always
be remembered.

with my results & have enjoyed shopping & buying new out fits. Thank you for everything! And if there is anything I can ever do for you please let me know. Who knows? You might get sick traveling through my small town of ~~_____~~ & I might could take care of you at our hospital! Thank you again!

P.S. I am sending you more ~~_____~~ your way!
